This book is my attempt to bring those thoughts and ideas to life. The story begins in Vastrapur, Gujrat home to Indias premier Indian Institute of Management, Ahmedabad. The protagonist is Dilip Paliwal, who narrates in his own words the journey of a middle class young aspiring Indian. The story highlights the struggles of a society that is constrained by its resources, and how education, consistent hard work, right decision making and forces of destiny can combine to remove the obstacles along lifes crossroads. *Science and Society in Modern India* Deepak Kumar,2023-06-30 The book delineates the role and place of the Western scientific discourse which occupied an important place in the colonization of India. During the colonial period, science became one of the foundations of Indian modernity and the nation-state. Gradually, the educated Indians sought to locate modern scientific ideas and principles within Indian culture and adopted those for the economic regeneration of the country. The discursive terrain of the history of science, especially in the context of a society with a very long and complex past, is bound to be replete with numerous debates on its nature and evolution, its changing contours, its complex civilizational journey, and finally, the enormous impact it has on our own life and time. The book offers a useful introduction to science, society, and government interface in the Indian context.

**Time To Click India** Deepak Kumar Rath, 2017-01-01 This book is a collection of the 100 choicest edits; written by Deepak Kumar Rath; Editor; Uday India English weekly. Every line of the content introduces the author and his original ideas based on his years of research and experience. The book deals with a variety of issues the country is afflicted with and also provides an insight into new height the country has scaled. It is classified into ten sections so that the readers can be facilitated in getting a subject of their choice. The book tackles recent events and issues; and attempts to formulate viewpoints based on an objective analysis of happenings and conflicting and contrary opinions. These are such that the readers should feel enlightened; or empowered; and help them in forming their own opinion on an issue. While a good writing expresses an opinion; it does not force it down the throat of the reader. It is subtle enough to appeal to the good sense of the knowledgeable reader without forcing him to toe its line. And it is the real test of this book.

**Nefarious Bollywood** Deepak Kumar, 2020-10-09 Cinema ought to be a reflection of society - particularly the flaws; a tool for social reform even. Movies are without comparison, the single largest influence in shaping the culture of a nation. And right now, that power is in the hands of a bunch of bottom-feeders, who continue to churn out garbage. Indian society is crying out for someone to hold a mirror up to it and point out all the wrongs. People have been too kind for too long. But now that Bollywood has thrown-up all over itself, its time for an intervention - for a dose of cold hard reality. Bollywood doesn't rock. Right now, Bollywood is a Sucks. It is as Sucks as Sucks can be. It is an actual clusterfuck of mediocre nepotistes, (yes, that's a play on them considering themselves 'artistes'). We reject Injustice, Inequality, Tyranny, Terrorism Fundings,

Radicalisations, and all Social evils glorified by the 'Bollywood Mafias' & 'Criminal Cops'. Happy Reading, Cheers.

**The Trishanku Nation** Deepak Kumar,2015-12-15 Taking a cue from the story of Trishanku—the mythological king who aspired to reach heaven while still alive—Deepak Kumar builds a compelling narrative on the state of contemporary India. Much like Trishanku, who only succeeded in being stuck in limbo between heaven and earth, India appears to be oscillating at the crossroads of modernity and tradition; development and corruption; and diversity and communalism. The Trishanku Nation presents a provocative account of a country marked by its contradictions and seamlessly combines everyday social history with academic insights. All through its civilizational progress India has defied simple categorizations. This suppleness has been its greatest strength and, to a large extent, also responsible for its myriad problems. This volume dwells on this predicament of post-Independence India. Based on memory, both historical and personal, it begins with the depiction of life in a moffusil town and moves on to examine closely issues of caste, religion, communalism, governance, corruption, education, science, culture, and so forth, as seen in the last five decades. Presented with rare verve and wit, and by using the lens of personal experiences, these ‘rumblings’ help unfurl layers of life in the Indian subcontinent.
