Das Tal von Tenchálin Klaus Biedermann, 2020-02-19 Das kosmische Gleichgewicht war in einer gefährlichen Art und Weise aus den Fugen geraten. Das hatte den Rat der Welten, von dem kein Mensch gewusst hatte, veranlasst einzugreifen. Als einen letzten verzweifelten Ausweg für das Weiterbestehen der Menschheit hatte man eine Teilung der Welt beschlossen. Von den Überlebenden hatte jeder entscheiden können, in welchem Teil der Erde und nach welchen Prinzipien er und seine Nachkommen leben wollten. So hatten die Menschen - nicht ganz freiwillig - die Wahl ihrer unterschiedlichen Lebensformen in einem Ewigen Vertrag besiegelt, in dem jegliche Einmischung oder Kontaktaufnahme mit dem jeweils anderen Teil strengstens untersagt worden war. 700 Jahre später begegnen sich beide Welten in Gestalt einer Frau und eines Mannes. Der Roman beschreibt die Heldenreise zweier Menschen, die unterschiedlicher nicht sein könnten. Bei der Erfüllung ihrer Mission, in der sie Gegner sind, erhalten beide Hilfe, und dennoch sind sie im entscheidenden Moment auf sich alleine gestellt.

Routledge Handbook of Gender and Security Caron E. Gentry,Laura J. Shepherd,Laura Sjoberg,2018-09-03 This handbook provides a comprehensive look at the study of gender and security in global politics. The volume is based on the core argument that gender is conceptually necessary to thinking about central questions of security; analytically important for thinking about cause and effect in security; and politically important for considering possibilities of making the world better in the future. Contributions to the volume look at various aspects of studying gender and security through diverse lenses that engage diverse feminisms, with diverse policy concerns, and working with diverse theoretical contributions from scholars of security more broadly. It is grouped into four thematic sections: Gendered approaches to security (including theoretical, conceptual, and methodological approaches); Gendered insecurities in global politics (including the ways insecurity in global politics is distributed and read on the basis of gender); Gendered practices of security (including how policy practice and theory work together, or do not); Gendered security institutions (across a wide variety of spaces and places in global politics). This handbook will be of great interest to students of gender studies, security studies and IR in general.

Developing and Sustaining Play Therapy Clinics Dugan, Erin M., Vaughn, Krystal, Camelford, Kellie, 2019-04-26 Play therapy training clinics are an important aspect of the clinical mental health field. An approved play therapy training center should offer direct play therapy services to children and families and provide quality education, training, research, and supervision. While each setting may have a set of contractual standards for supervision, few offer advice for setting up such approved centers and training clinics. *Developing and Sustaining Play Therapy Clinics* is a collection of innovative research on policies and procedures for university-based play therapy clinical settings to help guide practitioners in multiple areas including emergency and crisis situations, paperwork requirements, and mandated reporting requirements. While highlighting topics including adventure therapy, clinic branding, and playroom design, this book is ideally designed for clinic directors, psychologists, psychiatrists, play therapy practitioners, academics, administrative supervisors, and researchers.
