A Tale from a Promised Land Palitha Ganewatta, 2023-07-21 This novel tells the story of three generations of an Australian-Sri Lankan migrant family. After a bomb explodes near two leading schools in the city of Colombo, he persuades his wife that for the sake of their children they must leave and start a new life in Australia. After her mother passes away, her father — a retired school principal — agrees to join them in Australia. The novel identifies the travails that beset new migrants from traditional conservative Asian backgrounds to a western oriented materialistic culture, which now accepts migrants from multi-cultural and multi-lingual backgrounds but expects the new arrivals to assimilate and integrate with the society of which they now form a part. This novel provides deep insights into socio-cultural and psychological barriers encountered by a first generation of Sri Lankan migrants after their arrival in a new country. Through the combined interactions of a few protagonists, the novel depicts the struggles of socio-cultural adjustments, gains and pains of a South Asian migrant family who try to adjust their lives in a country with western socio-economic and cultural values.

Prototype Nation Silvia M. Lindtner, 2020-09-15 A vivid look at China's shifting place in the global political economy of technology production. How did China's mass manufacturing and "copycat" production become transformed, in the global tech imagination, from something holding the nation back to one of its key assets? *Prototype Nation* offers a rich transnational analysis of how the promise of democratized innovation and entrepreneurial life has shaped China's governance and global image. With historical precision and ethnographic detail, Silvia Lindtner reveals how a growing distrust in Western models of progress and development, including Silicon Valley and the tech industry after the financial crisis of 2007-8, shaped the rise of the global maker movement and the vision of China as a "new frontier" of innovation. Lindtner's investigations draw on more than a decade of research in experimental work spaces—makerspaces, coworking spaces, innovation hubs, hackathons, and startup weekends—in China, the United States, Africa, Europe, Taiwan, and Singapore, as well as in key sites of technology investment and industrial production—tech incubators, corporate offices, and factories. She examines how the ideals of the maker movement, to intervene in social and economic structures, served the technopolitical project of prototyping a "new" optimistic, assertive, and global China. In doing so, Lindtner demonstrates that entrepreneurial living influences governance, education, policy, investment, and urban redesign in ways that normalize the

persistence of sexism, racism, colonialism, and labor exploitation. Prototype Nation shows that by attending to the bodies and sites that nurture entrepreneurial life, technology can be extricated from the seemingly endless cycle of promise and violence. Swarnalata Tilottoma Misra, 2013-07-22 Set in mid-nineteenth century Assam when the forces of tradition were being challenged by new concepts of modernity, Swarnalata is the story of three women from very different social backgrounds each caught in the whirlpool of change, each trying to chart out her own course in life heroically, silently. As the intertwined lives of Swarnalata, Tora and Lakhi unfold, the reader is taken on a fascinating journey into the social milieu of the times where issues like women's education and widow remarriage held centre stage. The plight of indentured labour, peasant resistance against colonial exploitation, the reformist initiatives of the Brahmo Samaj and the proselytizing efforts of the Christian missionaries are themes that run throughout the narrative. Real historical personages—such as Rabindranath Tagore—are presented side by side with fictional characters, resulting in a wonderful blend of history and fiction. Swarnalata was first published in Asomiya in 1991. It was awarded the Ishan Puraskar by the Bhartiya Bhasha Parishad in 1995 and translated into Bangla and Hindi under the 'Adaan-Pradaan' programme of the National Book Trust. The Asomiya original is now in its fourth edition and has received wide critical acclaim in the last 15 years. Published by Zubaan.

Northeast India Samrat Choudhury, 2023-06-29 As India and the world are roiled by questions of nationalism and identity, this book journeys into the history of one of the world's newest and most fascinating regions: Northeast India. Having appeared with the stroke of a pen in 1947, as the British Raj was torn asunder and partitioned into India and Pakistan, this is a region of hills inhabited by myriad tribes. Until colonial rule, they had lived in their ancient ways largely unmolested by their neighbors, who were rather keen to avoid their traditions of head-hunting. Samrat Choudhury chronicles the processes by which these remote hill-tribes, and the diverse other peoples inhabiting the valley of the vast Brahmaputra River below, became parts of the 'imagined nation' that is India. Through the invention of the Northeast, he explores two other ideas of India that remain in daily competition: Bharat, the Hindu nationalist conception of the country, and Hindustan, the Persian-origin name by which India is still known as far west as Turkey. Taking a long view, this absorbing political history chronicles the separate pathways by which imperialism, Christianity and the British love of tea brought each of the contemporary region's constituent states, kicking and screaming, into modern India.

Death of an Elephant Brij Mohan, 2013-07-25 Death of an Elephant is an allegory of existence. Pran Dubey, a professor failed by avowed social institutions, is a conflicted man torn apart by his strife and Diaspora neurosis in the ambiguities of past and present, tradition and modernity, and life and death. Human incompleteness and life's absurdities—hope and despair trapped in the paradox of pain and pleasure—are dramatized through an Eastern soul with a Western mind and a pen dipped in the ink of reflective reality. Death of an Elephant is a harbinger of the neo existential genre. Brij Mohan entices the curiosity of his book with the piquant title, Death of an Elephant....[It] is really boundless in scope and meaning and of having significance for all who read it....Mohan plumbs the lives of his characters beyond the academic dimensions. They are human beings caught in the web of life and who struggle to extricate themselves with honor from their problems. - Joseph V. Ricipito I only exist, but I want to live...I was back where I began: A bastardized Shangri-La in search of a lost identity...You can run away from your past but the past will never run away from you.... The man in gray flannel suit has disappeared from our comity.... I wasn't born an American; I became one. I love history.... I love truth even more.... Academia, by and large, looks like a gigantic machine designed to commoditize education for unprincipled success.
